Dear Mr. Perciasepe and Mr. McLerran:

Attached is a letter from John Shively, Chief Executive Officer of the Pebble Limited Partnership, concerning the Second External Review Draft of "An Assessment of Potential Mining Impacts on Salmon Ecosystems of Bristol Bay, Alaska" (April 2013). A hard copy of the letter will follow.

Mr. Shively explains some serious concerns with the Assessment process, and is requesting a 90-extension of the May 31 comment deadline.

Thank you for your attention to this matter.
